Application/Control Number: 10/670,468

Art Unit: 1722

1. Claim 18 is withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected invention, there being no allowable generic or linking claim. Election was made without traverse in the reply filed on 10 February 2006.

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

- (b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.
- 3. Claims 1 and 22 are rejected under 35 U.S.C. 102(b) as being anticipated by McNally (U.S. Pat. No. 6,113,382).

McNally discloses a press molding apparatus. The apparatus comprises a bed (22) having a longitudinal direction, the longitudinal direction being up and down as viewed in Fig. 1. The apparatus further includes a first platen (34) and a second platen (44) supporting two mold halves (31 and 32). The first platen is as such to be translatable relative to the bed (see cl. 5, 1. 55 - cl. 6, 1. 3). The second platen comprises a frame (42) which includes two parts of L-shape (see Figs. 1 and 4). One end portion of the frame is constrained to the bed and the second end portion is suspended from the bed and extends

Art Unit: 1722

toward the first platen (see Fig. 1). The second platen is a tilting platen placed between the two parts of the frame and being roatable connected to the second end portions of the two parts for rotating about an axis substantially horizontal and extending perpendicular to the longitudinal direction (see Fig. 1).

- 4. Applicant's arguments with respect to the claims have been considered but are moot in view of the new grounds of rejection described above.
- 5. Claims 2-4, 7 and 19-21 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
- 6. Applicant's amendment necessitated the new grounds of rejection presented in this Office action. Accordingly, THIS ACTION IS MADE FINAL. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this

Art Unit: 1722

action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.

7. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Donald Heckenberg whose telephone number is (571) 272-1131. The examiner can normally be reached on Monday through Friday from 9:30 A.M. to 6:00 P.M.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Dr. Yogendra Gupta, can be reached at (571) 272-1316. The official fax phone number for the organization where this application or proceeding is assigned is (571) 273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications

Application/Control Number: 10/670,468

Art Unit: 1722

may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at (866) 217-9197 (toll-free).
